ABOUT US

First Consulting is an independent consulting firm that has years of professional experiences in accounting services, tax consultant and IT system.

Our partners' mixtures of background and their blend of both consulting and corporate experiences provide First Consulting an in-depth technical and practical knowledge, comprehensive understanding of business and industry system, the related intricacy of tax and regulatory affairs and also accounting procedures comply to tax regulations. Therefore, these allow First Consulting to provide holistic advices and hands-on solution on complex accounting, taxation, IT system and related issues, which arise in major projects and transactions.

OUR SERVICES

ACCOUNTING PROCEDURES
COMPLY TO TAXATION

First Consulting vast experience in providing variety of tax services will ensure your company's accounting procedures comply with enhanced reporting requirements and tax regulations.

TAX & CUSTOMS COMPLIANCE,
ADVISOR & DISPUTE

First Consulting provides in-depth technical and practical knowledge, comprehensive understanding of business and industry system, the related intricacy of tax and regulatory affairs and relationships with tax authorities to achieve various tax compliance requirements. Relationships with tax authorities are also key to managing tax affairs and mitigating risks because tax dispute resolution in Indonesia may take a long process. Each of the tax dispute resolution steps needs to be manage properly and monitored closely to ensure the best possible outcomes.

ENTERPRISE RESOURCE PLANING - ERP

First Consulting comprehensive understanding of business and industry system, the related intricacy of tax and regulatory affairs and accounting procedures comply to tax regulations will help us to establish the most suitable ERP for your business and industry.
